# GEOMETRIC

---

Opustone introduces Geometric, a collection that defies all conventions of style. Offered in a dramatic range of colors and finishes to choose from, these sophisticated marble tiles are sure to add an extra touch of elegance and style to your space.

These tiles are defined by dimension. Prizm and Fluted patterns are equally exquisite and intricate, with coordinating field tiles that create a full installation. Each tile is a singular masterpiece, and whether used to create a stunning feature wall or as a statement decor piece, Geometric's natural stone tiles are sure to captivate and impress.

<b>FINISH</b>	Honed
<b>MOUNTING</b>	Loose
<b>SQUARE FOOTAGE</b>	2.00
<b>FROST RESISTANT</b>	No
<b>COLOR VARIATION</b>	V4

We recommend sealing all natural stone products with a penetrating sealer and sealing all porous non-polished stone (limestone, tumbled marble, etc.) prior to grouting. This prevents grout from staining or affecting the color of the stone. Stone is a natural product, and care should be taken to protect it from harsh abrasive cleaners and abrasive cleaning tools. White thin-set or mortar is required for the following: light limestone, tumbled stones, "antiquated stones" and light-colored marbles. For further questions/information about additional usages, please consult with your installer.
